### **Annual and Semi-Annual Reports and Proceedings**

Concerning Personnel from Under-Represented Racial/Ethnic Groups for Careers in Education, Special Education, and Related Services

### **A Never-Ending Source Directory**\_\_\_\_\_

The purpose of this open-ended directory is to list sources of information that are updated and re-issued regularly as annual reports, data updates, or status summaries. It includes sources of information on personnel supply and demand, other education and health statistics, recruitment, retention, the status of colleges and universities along various dimensions, the higher education status of individuals from historically under-represented racial/ethnic groups, and related reports. Costs of these reports are not included because they are subject to change from year to year.

This paper will be continually updated and expanded by Alliance 2000 staff members and their partners, and by personnel in college and university programs who work with the Alliance 2000 Project, who will be listed as consulting editors whenever they submit information as shown below. We particularly seek to include information on sources of annual and semi-annual reports pertaining to special education and related services.

**Sources of Annual and Semi-Annual Reports and Proceedings**  
Personnel from Under-Represented Racial/Ethnic Groups for Careers  
In Education, Special Education, and Related Services

**A Never-Ending Source Directory**
